Ranch Story

My wife, kids and I operate a cow calf operation, small backgrounding yard and a bred heifer program. We are 5th generation and are raising the 6th generation on our ranch. We source local, quality cattle and strive to grow and create a quality set of cattle come sale day.

Health Program

Vaccination: Will confirm shots after fall vaccinations

Age / Source Verified: March-May born 2025

Feed / Delivery

Feed: Grass and cornstalk with protein supplement

Delivery: Few days before sale

Notes

Kuck and Schurrtop Angus, Jenson Hereford genetics. AI bred to calve Feb 1, ABS Institution, cleaned up 65 days with Kansas State Angus bulls. Low 60 BW and double digit calving ease.
